Background and Experience

Please briefly present the partner organisation/group (e.g. its type, scope of work, area of activity and if applicable, approximate number of paid/unpaid staff, learners and members of the group). (max. 5000 characters)

AHI-DER stands for Kırşehir the Association for Education Volunteers. The mission of our organization is to promote European policies and values that will improve the economic and social well-being of people around the world. The members of AHI-DER, are teachers, academicians, university students, design thinkers, project managers, communicators, education specialists, and technology and social media experts that can respond to your organization's needs and understand the social challenges you wish to address..It has 50 members working for education, development etc...so It has a very strong network with VET centers,Special Education centers,Public Education Centers and Evening Art Schools, Turkey Labour Agency(IŞ-KUR) National authorities etc...

The target of AHI-DER is; to identify education needs of the population under LLL perspective, support the disadvantaged youngsters and adults to complete their compulsory education, develop their social and cultural skills, develop and implement education programs and projects to gain economical skills related with occupation, providing individuals with the knowledge and qualifications, social, financial and cultural development in accordance with the needs of century.

AHİDER deals with employment, vocational-social-cultural education, entrepreneurship, culture, innovation and also non formal education, informal education, continuing education, recognition of prior learning, distance learning are one of the main areas of us.

The organization holds , training courses, workshops, events, meetings, cultural exchanges, information points. We want to build local and transnational cooperation.The Foundation believes that having experience in European activities and projects our organization could get new knowledge.The group members are mainly teachers,university academicians and young people, and retired teachers with an interest in education,technology.

What are the activities and experience of the partner organisation in the areas relevant for this project? What are the skills and/or expertise of key persons involved in this project? (max. 5000 characters)

The association's mission is to organise programs for children and youth, to give possibilities for our target groups to spend their spare time by doing useful activities. We support our youngster's bottom-up initiatives and help to implement them. In our activities, we involve young people with fewer opportunities, who has especially educational and economical difficulties. Apart from its founding purposes, our association deals more with social responsibility and community service practices and has adopted the principle of taking part in education plans.

We participated to conferences, meetings and performances about local traditions, culture and history. We are keen on running development and realization of different projects and seminars relevant to current youth problems; supporting young people in their personal

development through participation in European education programs and projects in the field of education, science, culture and etc. Within the group, We have experienced teachers who know erasmus+ programme very well. They are teachers in different schools and academicians at Ahi Evran University in Kirsehir. We have been working with the Erasmus Programme for the last 20 years. We help students to teach Erasmus+ programme.

Please give information on the key staff/persons involved in this application and on the competences and previous experience that they will bring to the project.

We participated to conferences, meetings and performances about local traditions, culture and history.
